These 34 New Members have all paid their Chapter and State dues and are members in good standing and therefore eligible to be assigned a Mentor. However, please note that not all of them attended the Boot Camp held last Friday and Saturday.

As per the most recent sub varsity request process email, as a Mentor you may request up to 4 games (not sites) to work with your Mentee at starting at 6 PM on July 26. ALL July 26 requests must initially be sent to Tom McAfee who will then distribute them to the appropriate assigner (this will eliminate officials requesting more than the 4 games allowed...this was abused last year). Of course you may request as many as you'd like on July 31 at 6 PM when the general membership can submit their requests.

Please consult the earlier email regarding expectations for BOTH you the Mentor and your Mentee. This crucial information can also be found on the Chapter website safootballofficials.com under Education, then New Officials Training, then Mentorship Program, then Document.

Please contact your Mentee ASAP to begin your relationship in a way that suggests timeliness and commitment. The New Members have been instructed to contact me if they do not hear from you by Monday, July 22.

Most importantly, I truly commend you in this crucial endeavor. Let me know if I can help.
